To Whom it May Concern

I am writing to support Helia Gol Mohammadi's application to the Marguerite Bourgeoys Bursary. She is currently a student in my "Investigations in Typographic Design" course, in the winter semester of 2023 at Concordia University.

Helia's engagement with her projects demonstrated a motivation and regard for research and creative interpretation, which leads to original and intriguing projects. Her design style is original and unique, and she puts a great deal of time and effort towards her projects. She is an excellent student whose work, I feel demonstrates talent, commitment, and an interest to develop her artistic voice. In addition, she is very generous providing constructive feedback to her peers during class activities. I believe Helia is going to do very well in this program and in her future professional practice in design and sustainability, given her motivation and talent in these domains; and I also believe that receiving this scholarship, will have a major impact in her academic journey to achieve her goals.

My experience with Helia as a student gives me no hesitation in highly recommending her to this Bursary, which would provide her the opportunity to stay in school and complete her undergraduate studies. If you have any questions, don't hesitate to reach me by email at [pata.macedo@concordia.ca](mailto:pata.macedo@concordia.ca).
